AT A GLANCE

# One supplier, from power to site equipment

In Kinshasa, we sell and rent generators and supply pumps, electrical supplies, construction, industrial and agricultural equipment, lubricants and motorcycles.

## What we supply

| | | | |
|---|---|---|---|
| Generators | 65 | Pumps | 29 |
| Electrical | 181 | Construction | 41 |
| Industrial | 11 | Agricultural | 3 |
| Lubricants | 14 | Motorcycles | 9 |

## What we do

Sales and delivery across the DRC; rental, installation and maintenance in Kinshasa; after-sales and parts.

AUTHORIZED DISTRIBUTION

Authorized dealer for **LEO**, **Bison**, **Brux**, **Brux Motos**, **Winline**, **Toyama**, **Volcan** and **Simba**. We also supply Perkins-engined generator sets with Leroy-Somer alternators and Deep Sea controllers.

## Where

Showroom in Gombe, Kinshasa. Delivery to the provinces, including Lubumbashi (p. 5).

## How to buy

Need → quote → delivery. Installation and maintenance in Kinshasa (p. 15).

**Price on request**

Petrol and diesel generators on display in Gombe

THE SHOWROOM

# See, compare, choose

Generators, water pumps, compressors, electrical supplies and site equipment: our Gombe showroom displays a selection of them. See the equipment up close; our team advises you on the choice and the power rating, then prepares your quote.

### 8 families on display

Generators, pumps, electrical, construction, industrial, agricultural, lubricants and motorcycles.

### No. 26, Avenue des Huileries

Gombe, Kinshasa
Mon–Fri 8 AM–5 PM · Sat 11 AM–4 PM

### Delivery in the DRC

Kinshasa, Lubumbashi and the other provinces.

→ **Directions, hours and delivery: p. 5**

**Gombe showroom**
Tiller and site equipment

**Gombe showroom**
Lawn mower, tamping rammer and compressor

**Gombe showroom**
Soundproof set and submersible pumps

THE COMPANY

# 16 years of power in Kinshasa

MK Energies & Services is a Kinshasa company in energy and equipment. We sell generators and offer them for rental. We also supply water pumps, electrical supplies, industrial, agricultural and construction equipment, lubricants and motorcycles.

Beyond sales, our teams handle installation and maintenance in Kinshasa, after-sales service and spare parts. We also deliver to the provinces (p. 5).

### Expertise

Sizing on prime or standby power, allowing for altitude and motor starting, checked by our team.

### Reliability

Authorized dealer for 8 brands; after-sales service by our team in Kinshasa.

### Tailored solutions

A quote built on your need: product, power, use, location.

**Gombe showroom** · LEOMAX and Brux diesel sets, Brux welding generators

**A point of contact in Kinshasa for technical assistance, diagnosis and repairs after you buy.**

DIRECTIONS AND DELIVERY

# From our showroom to your site

Find us in Gombe, Monday to Saturday. We deliver in Kinshasa, Lubumbashi and the other provinces of the DRC.

Directions on Google Maps

**Gombe showroom** · the entrance on Avenue des Huileries

## Gombe showroom

No. 26, Avenue des Huileries, Centre des Handicapés, opposite INRB, Gombe, Kinshasa, DR Congo

GPS: −4.311411, 15.302134

Monday–Friday 8 AM–5 PM
Saturday 11 AM–4 PM
Sunday closed

**+243 903 005 060** (WhatsApp)
**+243 903 005 065**

## Delivery and coverage

1. Delivery in Kinshasa, Lubumbashi and the other provinces of the DRC, with lead time and cost stated in your quote.
2. For large generator sets, plan truck access and unloading on site.
3. High-altitude sites: above 1,000 m (Lubumbashi, Kolwezi, Goma, Bukavu) a generator loses about 3.5% of its power per 300 m (about 6% at 1,500 m). We allow for it when sizing.

Installation and maintenance: in Kinshasa.
Delivery outside the DRC: on request.

OUR BRANDS

# 14 brands, authorized dealer for 8

MK Energies & Services is an authorized dealer for LEO, Bison, Brux, Brux Motos, Winline, Toyama, Volcan and Simba.

POWER

# From portable to 2,000 kVA

65 diesel and petrol models, single- and three-phase, air- or water-cooled.

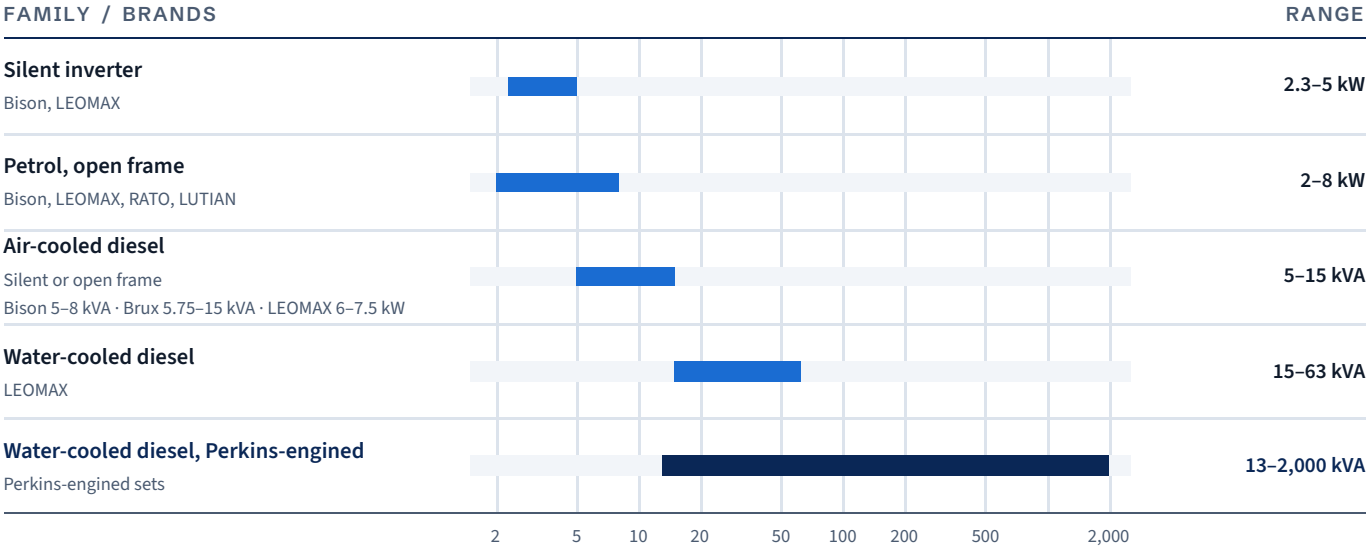

**65** models

**2 kW → 2,000 kVA** from smallest to largest

**30** water-cooled · **35** air-cooled

**35** three-phase · **30** single-phase

## The power ladder

kW and kVA as on the datasheets; rule of thumb: 1 kVA ≈ 0.8 kW (power factor 0.8).

**Brux BX16000DSE3-3D**
15 kVA three-phase, silent, ATS socket

**LEOMAX LMW-33**
30 kVA soundproof diesel, water-cooled

**LEOMAX LIG4500ES**
3.5 kW petrol inverter

**RATO R8000DWH**
8.0 kW petrol, open frame

● authorized dealer **Bison** ● **Brux** ● **LEOMAX · RATO · LUTIAN · Perkins-engined sets** (p. 9) **Price on request**

POWER · RANGE SHEET

# 25 Perkins-engined generator sets, 13–2,000 kVA

Three-phase, water-cooled sets: power, engine, alternator and fuel use, model by model.

## Perkins makes the engine, not the generator set.

400/230 V or 380/220 V, 50 Hz

1,500 rpm

Leroy-Somer alternators

Deep Sea DSE6010 controllers (DSE8610 on the 4008-TAG2A)

Soundproof canopy or open skid, per model datasheet

**Standby ≈ 10–15% above prime power.**

PDF datasheet for every model:
**mkenergies.com/en/telechargements**

WATER

# Pump, supply, drain: 29 pumps

LEO electric pumps for buildings, pools, wastewater and drainage; petrol and diesel engine pumps for construction sites, dewatering and irrigation.

**Gombe showroom** · pressure tanks and Bison engine pumps

**90 m** maximum head (LEO APM150)

**100 m³/h** maximum flow (LEOMAX LWG40CX)

**9** pump families, from booster to diesel engine pump

**For an accurate quote, give us the use, the flow and the head you need: we propose the right pump.**

**LEO APM**
Peripheral, up to 90 m

**LEO XCM**
Stainless multistage

**LEO LSWM**
Submersible for dirty water, 26 m³/h

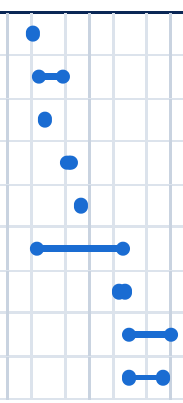

**LEO XKP**
Pool

**LEOMAX LWG40CX**
4-inch petrol pump

## Pump families

| Type | Typical use | Flow | Head | Power |
|---|---|---|---|---|
| **Booster** | Water pressure, buildings and hotels | 1.98 m³/h | 30 m | 0.37 kW |
| **Peripheral** | Water pressure, buildings and hotels | 2.4–4.8 m³/h | 40–90 m | 0.37–1.5 kW |
| **Jet** | Water pressure, buildings and hotels | 2.8 m³/h | 50 m | 0.75–1.1 kW |
| **Centrifugal** | Water supply, buildings and hotels | 5.4–6 m³/h | 23–36 m | 0.37–0.75 kW |
| **Multistage** | Water pressure, buildings and hotels | 7.8 m³/h | 55 m | 1.5 kW |
| **Submersible** | Clean or dirty water, drainage | 2.2–26 m³/h | 8–35 m | 0.3–1.1 kW |
| **Pool** | Swimming pools | 22.5–27 m³/h | 15–17 m | 1.1–1.6 kW |
| **Petrol engine pumps** | Sites, dewatering, irrigation | 30–100 m³/h | 20–30 m | Petrol engine |
| **Diesel engine pumps** | Sites, dewatering, irrigation | 30–80 m³/h | 25–28 m | Diesel engine |

RENTAL

# Rent a generator instead of buying one

Events, sites, standby power: tell us what you need and we confirm availability and price.

## Power for the length of your project, without tying up capital.

1. Describe your need: power or appliances, duration, location.
2. Receive a proposal: availability, a suitable set, a quote.
3. Hand-over on the terms of the quote (transport, installation, fuel).
4. Return of the generator at the end of the rental.

**Rental on mkenergies.com**

**Describe my need**

**Gombe showroom** · Brux and Bison silent generators for sale

### Standby power

Keep your operations running, or stand in for a set that is down or being serviced.

### Temporary business needs

A new business starting up, building work, a peak in demand.

### Construction sites

Tools and lighting from the first day on site, before the permanent connection.

### Events

Conferences, ceremonies, concerts, weddings.

**DURATION**

A few days, a few weeks or longer, set in the quote.

**OUTSIDE KINSHASA**

Rental case by case; installation and maintenance in Kinshasa.

Rental sizes depend on current availability.

### Size it right

Add up the loads, allow a margin for motor starting, and compare with prime power (PRP), not standby power, if the set runs several hours a day.

# Size, compare, specify: four free tools

On mkenergies.com, to prepare your purchase or your tender.

## 01 Generator finder

4 steps · free PDF report · checked by our team. The result proposes the right-sized set, on prime or standby power.

### WHAT THE FINDER ACCOUNTS FOR

01 Sum of loads

02 Simultaneous use

03 kVA at power factor 0.8

04 +25% reserve

05 Largest motor start

06 Altitude and heat

07 Future growth

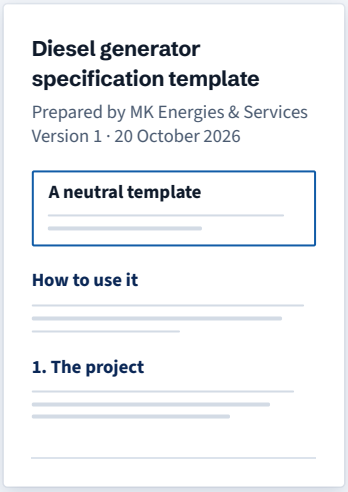

**Find my generator**

Final sizing must be confirmed by our technical team before purchase.

## 02 Tender specification template

A neutral template for buying a generator set: no brand, no price.

### TEMPLATE PREVIEW

**Download the template**

PDF and Word, in French and English, free to download.

## 03 Datasheets and catalogues

**126**

PDF datasheets

Catalogues by brand and by family: mkenergies.com/en/telechargements

## 04 Comparison tool and guides

**35**

technical and buying guides

Compare up to 4 products side by side, with differences marked. Technical and buying guides (kVA or kW, prime or standby power, fuel use, installation, servicing) and a glossary: mkenergies.com/en/actualites

**Bilingual website:** French at mkenergies.com, English at mkenergies.com/en

# Request a quote

A quote based on your need. **Price on request**

**Your need → quote → delivery → installation in Kinshasa** (p. 15)
